### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**TITLE:**

Delete "Apparatus and method" and replace with -- Method -- .

### ***Allowable Subject Matter***

1. Claims 8-11 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The instant claims are deemed to be directed to a nonobvious improvement over the invention patented in the closest prior art, JP 6-191867. The improvement comprises elevating a downstream end of an in-furnace bed and an upstream end of an out-furnace bed to a predetermined bed inclination height H so that the in-furnace bed and the out-furnace bed jointly form a hill which allows to impart a desired radius of curvature to the glass sheet, said bed inclination height being obtained by first determining a first relation between the bed inclination height H and an apparent bed radius of curvature R on a basis of a length L1 of the in-furnace bed forming an uphill of said hill, a length L2 of the out-furnace bed forming a downhill of said hill, the bed inclination height H, and a length G of the glass sheet in a direction of transfer thereof,

and then determining a second relation between the apparent bed radius of curvature  $R$  and the desired radius of curvature  $C$  of the glass sheet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. This application is in condition for allowance except for the presence of claims 1-7 to an apparatus for bend-shaping a glass sheet which was non-elected without traverse. Accordingly, claims 1-7 have been cancelled.
